

Refresh. Renew. Restore.

RESTORE

Dechlorinating Shower Filter

The Rainshower Restore connects quickly and easily in-line with most existing showerheads, providing all the health benefits of Rainshower dechlorinated water in your shower. Rainshower's Restore dechlorinating shower filter provides a long lasting solution to the problems associated with exposure to excessive amounts of chlorine. Its specially-formulated KDF®-55 filter media effectively removes 90% or more of chlorine from shower water. Once in contact with the KDF®-55, chlorine in the water converts into an environmentally safe and harmless soluble chloride.

Specifications

SKU:	CQ-1000 / MPCQ-1KNH-RS
Capacity:	10,000 gallons
Flow Rate:	2.5 gpm
Housing Composition:	ABS
Filter Application:	Chlorine, sediment
Filter Media:	13.7 oz. KDF 55, Sediment Prefilter, Virgin crystal quartz
Thread Size:	½" NPT, Standard shower fitting size
Average Free Chlorine Reduction:	90%
Operating Temperature Range:	40° F (5° C) to 120° F (49° C)
Operating Water Pressure Range:	30 psi to 100 psi
Dimensions:	3" x 4.75"
Weight:	1.4 lbs.
Installation:	Easy, "no tool" installation

The Product is tested and certified by the Water Quality Association according to NSF/ANSI Standard 177 for the Reduction of Free Available Chlorine.
